- 
- Due to weather circumstances the supplier has the right to restrict road or areas.

Camping on the side of the road is not allowed. Camping is only allowed on campsites

#### Permitted areas of travel for the FunX range

- Vehicles may be taken into South Africa's neighbouring states but are not allowed into Angola, Democratic Republic of Congo (DRC), Tanzania or Malawi. Driving on 4x4 leisure tracks that require an entrance fee or club membership are also not allowed
- All insurance cover is void if vehicles enter these prohibited areas and will result in a breach of contract.
- The 4x4 is used for driving terrain that is usually inaccessible with a normal two-wheel drive vehicle.
- Dangerous and irresponsible manoeuvres to test the abilities of the camper to the limit are not allowed under any circumstances as they are dangerous. All towing costs to the nearest depot are for the Renter's account.
- The Supplier reserves the right, at its sole discretion, to restrict vehicle movements in certain areas due to adverse road or weather conditions, political situations or any other reason.
- Any driving on sand dunes and the Van Zyl's Pass in Namibia is not allowed. Remember that you should never test the abilities of the Discoverer FunX to the fullest, and that you will be liable for the full repair costs if accidents, mechanical damage or roll-overs happen here. Please ensure that the departure, approach and roll angles are observed as in the info manuals. The Supplier has the right to restrict road or areas which we will try to communicate to you in time for your safety.

#### Telephone costs

The Supplier does not reimburse costs incurred through telephone calls to their offices or staff. Renters are advised to purchase a local SIM card instead. The costs for local calls are usually much cheaper

#### Breakdowns

In the unlikely event that a breakdown occurs, please contact the stand-by mechanic on the number as per your contract. Before phoning, please consult your Info Book. It might not be necessary to make contact. Please state your breakdown and listen to the mechanic. He has proper knowledge on mechanical issues. Please follow his advice carefully. The mechanic will ask certain questions relating to oil and water levels, warning lights, etc. Please follow their instructions carefully. His advice will also be the best in the situation. Please always follow the advice of the mechanic. This is very important to avoid further damages.

#### Early Returns

Should a renter return their camper at a date earlier than stipulated on the contract, no reimbursements are applicable.

#### Currency fluctuations

All credit card transactions are conducted in South African Rand (ZAR). Due to exchange rate fluctuations there could be some variance in the amount refunded compared to the amount initially charged. If a credit

card is presented as payment, the credit card holder will be jointly and severally liable as a customer. *The supplier does not accept American Express and Diners Club and Debit cards.*

## Accidents

The risk of an accident in Africa is many times higher at night than during the day.

By law all accidents must be reported to the supplier and the local Police within 24 hours. If you are in a remote area all reasonable effort must be made to report an accident within this time-frame.

Failing to report accidents and to obtain a Accident Report from the nearest police station voids all insurance cover and the renter becomes fully liable for all costs.

- Take as many photographs of all the vehicles involved as well as involved persons and their drivers licenses and their personal details
- Obtain and AR (Accident Report) number from the police on the scene. This is important and proves the accident was registered by the police. Make a copy of this and keep it with you.
- If the rental vehicle is involved in an accident or other incident, and is not drivable, a replacement vehicle, if available, may be collected from the closest branch. If the renter requires a replacement vehicle to be delivered, then these charges will be for the renter's account. None of the excess reduction options cover this process.
- The renter is responsible for the full recovery (e.g. towing) of the damaged vehicle to the nearest rental depot.
- Should there be no replacement vehicle available, no refund for the lost rental days will be considered.
- If the renter is unable or unwilling to take a replacement vehicle, no refunds for early termination of the contract will apply. No refund of rental days lost or accommodation costs will be considered during the period in which a replacement vehicle is being organized.
- Should the renter continue with a replacement vehicle then a new rental contract and insurance conditions will apply.

## Drivers license

A valid non-endorsed national driver's license together with a valid international driver's license is required. Drivers must be a minimum of 21 years (for non 4x4 vehicles) or 23 years for 4x4 vehicles. SA citizens only need to present their valid driver's license.

## Personal injury and belongings

Personal injury and belongings are not covered by our insurance. The renter is therefore responsible to obtain his or her own travel insurance in advance.

## Traffic fines / penalty

The supplier will not be held liable for any traffic fines or road infringements on behalf of any natural person. Should the renter receive a traffic fine or road infringement whilst driving the rental vehicle, the renter

agrees that the main driver of the vehicle will be liable for these traffic fines / infringements. The renter also agrees that their details will be handed over to the South African traffic department, who will be

contacting the renter directly via post of supplied e-mail given on the rental contract. Note: This process can take up to 8 weeks or longer. The supplier charges a R 250.00 admin fee per fine.

### **Namibian CO<sub>2</sub> Taxes**

As from 11 July 2016 all Namibian custom borders have implemented a CO<sub>2</sub> tax for all South African registered rental vehicles. The taxation is applicable when starting or ending at our Windhoek depot. Currently it is charged at R600 per contract irrespective if some rental days are spent outside the borders of Namibia.

### **Tyre replacement**

If a tyre needs to be replaced it is important to ensure that both the ply rating and size are corresponding to the tyre it replaced on the vehicle. This to ensure the maximum safety and function. Replacement tyres of the wrong size or ply rating will not be considered for a refund.

### **Dust Ingress**

Southern Africa is predominantly an arid desert region and the majority of secondary routes travelled, are on unsealed dust or gravel roads. It is not possible to make vehicles dust-proof and therefore refunds or claims for any dust ingress of any nature, will not be considered.

### **Telephone calls to Namibian personnel**

When you call the Namibian emergency number, these calls could be recorded for quality purposes.

### **INSURANCE CDW (Collision Damage Waiver) for all fleet vehicles**

Collision Damage Waiver is an option to reduce the cost of damage to the vehicle caused by a collision as per the terms. It's not an insurance cover per definition. Therefore only damage costs are covered by CDW options and does not include towing, medical personal damages or loss.

Minimum age of driver is 21 years or 23 years for a 4x4 vehicle. Both with a valid international and national drivers license. Basic excess is applicable on all damages on rental vehicles involved in a collision, natural disasters, or an accident – this is up to R55,000 and is included in the rental contract.

If only this option is taken, the renter is liable for the first R55,000 damages to a vehicle or third party vehicle / property including tyre and windscreen replacements.

This excess can be paid by cash or credit card (a manual imprint of the credit card will be taken). The amount will have to be authorised by the bank.

Taking the following options can reduce this excess:

CDW Midi (Medium Cover) is from 3 days onwards. This option reduces the excess to R19,000

CDW Maxi (Super Cover) is from 8 days onwards. This reduces the excess to Nil (see exclusions below)

#### *CDW Exclusions:*

The renter will be fully liable for any damage to the Supplier or Third party vehicle or property (CDW is cancelled and maximum damage as per quote is payable by the renter) under the following circumstances:

- The terms of the rental contract are breached
- Damage to the vehicle is caused by careless or reckless driving.
- Any damage or mechanical failure sustained while driving on any 4x4 leisure track specially designed for the purpose of leisure or testing your off-road driving abilities and usually require an entrance fee to make use of and is not part of a public road.
- Damage to the vehicle caused by incorrect use of the clutch (for example slipping or dropping the clutch), drivetrain and gearbox. For example using 4-wheel-drive mode while driving on tar roads or not stopping to engage 4WD mode.
- Damages to the drive shafts due to pot holes, drifts or any other obstacle.
- Illegal behaviour, negligence, or a breach of law (e.g. speeding, illegal parking, driving on the wrong side)
- Driving under the influence of drugs or alcohol
- Driving on restricted roads / areas.
- A maximum of two tyre replacements is included. Any more replacements are for the customer's account.
- Water submersion or water damages in engine or in drive shafts are excluded from any CDW option.
- Any roll-over damages of any kind – no matter at what speed or how it happened. See a roll-over explanation in this document further down on this page.
- Failure to switch off the engine when dashboard lights indicate a major problem e.g. oil light, radiator water level or temperature gauge.
- Vehicle was driven by person other than the permitted driver as per contract.
- All towing costs (when required) to the nearest depot.
- If the vehicle is still drivable and a replacement unit is requested, the exchange costs are for the renter's account

#### *CDW terms for Mozambique, Zambia & Zimbabwe*

You are allowed to drive your 4x4 camper (Discoverer FunX) in Mozambique. However, this country is not fully geared for self-drive as yet. This does not mean that self-drive is not possible. For travelling in or through this beautiful country and extra CDW excess is applicable.

There is a separate excess of R7,000 for any damage to the vehicle. In the event of the vehicle having to be towed, the renter will arrange to have the vehicle towed to the nearest depot.

The towing costs, as well as any other damages related to the towing of the vehicle, do not form part of this excess and will be for the renter's account.

#### **Roll-over explanation**

All the vehicles are higher than a conventional passenger vehicle. This means that the centre of gravity is also at a higher point. This increases the risk of a roll over occurring.

A roll-over is defined as a vehicle sustaining all types of damage due to not being in its normal position – on all 4 wheels. Just by lying on its side a vehicle is seen as having rolled-over. Roll-overs that were not caused by a collision eg. another vehicle, are not covered by any CDW insurance waiver options. The vehicle's final resting position is irrelevant to define a roll over. These incidents occur very rarely if the driver uses safe, common sense.

### **Towing cost**

In case of damage to any part of a motorhome it must be assessed if the unit is drivable. If not, the vehicle must be towed to the nearest depot by a reputable towing company authorized by the supplier. Towing and recovery costs arising due to any type of accident is to be paid by the renter irrespective of the CDW (Insurance) option.

### **Entire agreement / non-variation**

This document contains the entire agreement between the renter and the Supplier, and neither party shall be bound by any undertakings, representations, warranties, promises, or the like not recorded herein. No variation, alteration, or in addition to, or omission from this agreement is valid/binding, unless reduced to writing and signed by the renter and an authorized employee of the Supplier. Any clause which is declared unenforceable or invalid, for any reason whatsoever, by a competent court, shall be severable from the remaining provisions of the agreement and shall not affect the validity of these provisions.

### **Vehicle substitution**

The supplier reserves the right to substitute, under special circumstances, which will be explained to the renter, the desired vehicle with an equal or better vehicle without prior notice before the start of any rental period.

If a vehicle needs to be substituted because of an accident or mechanical problems, and the renter refuses to accept this replacement vehicle as stipulated above, the renter is seen to terminate the contract, and no reimbursements will apply.

- Vehicle substitution replacement costs because of an accident or mechanical failure making the vehicle unable to drive caused by own fault or negligence, illegal driving (driving on the wrong side or under the influence of alcohol/drugs or parking and/or water damages) will be for the renters account. This includes towing the damaged vehicle to the nearest depot.
- Driving distances can be great and the Supplier must be given a realistic time to cover a distance before lost holiday time becomes a factor for a claim submission.
- Non-essential items like air conditioners can take longer (up to two days) to be repaired, depending on the country or area the renter is travelling in. As a general rule the supplier has 24 hours at its disposal, starting from the time we are informed of the breakdown to solve a problem before lost-time compensation becomes applicable (if any). Other rural areas in countries like Namibia, Botswana or Zambia, a more realistic time is often needed. The Supplier also does not take

responsibility for any damages or claims arising out of driving on washboard roads (especially C-roads) in Namibia.

- On-the-road failure of items like air conditioners, microwaves, hot water systems and radio/CD's are not seen as demand for warranting a replacement vehicle. We will undertake effort to rectify these items for repair, however, should the repair not be possible the renter is not entitled to a vehicle change or compensation.

#### CANCELLATION FEES
